

Dear Parents,

Please find attached your student's interim for grades for the first half of second quarter. The second quarter will end on December 21. There is time for your students to make up incomplete or missing work for late credit (70%). Any assignment with a grade of '1' is eligible to still be turned in.

If your student chooses to turn in missing or incomplete assignments, they must see me before school (7:30 am - 8:00 am) or after school (3:00 pm - 3:30 pm) with their completed assignment(s). This will allow me time to grade their work immediately and record the new grade. I cannot accept late assignments during class.

As always, all assignments are listed in PowerSchool and, if you click on the assignment, details about page numbers are revealed. If your student is missing notes or textbook pages they need to complete assignments, they can be found on my website:  
[www.darstein.weebly.com](http://www.darstein.weebly.com).

I am very proud of many students who are doing their work every day in class and, in turn, doing well on their classwork, tests and assessments. If you are finding your student is missing assignments, not doing classwork, and doing poorly on assessments, now is the time to develop good study skills. Please encourage them to complete their work on a daily basis. The topics we cover are sequential and it is often difficult to catch up once work is skipped or ignored.

Thank you for your continued support and for sharing your children with me.

As Always,

Mrs. Darstein
